NATURAL STONES

In this chapter, you'll find unique materials that nature shaped over millions of years, each piece with its own colors, veins, and character.

Onyx, Known for its soft glow and striking veins. Semi-translucent, so every slice lights up differently.

Quartz, Crystal-clear, strong, and naturally patterned. Always unique, never repeating.

Petrified Wood, Ancient wood turned to stone. Rich textures and earthy tones that exist only once.

No two blocks, slabs, or slices are ever identical, every pattern, vein, and color shift is completely unique. That means every product you choose isn't just a material... it's a one-off natural artwork you'll never see again in the exact same form.

PETRIFIED WOOD

Timeless Nature, Set in Stone

- Petrified wood is ancient wood that has gradually transformed into stone over millions of years.
- This process occurs when minerals replace the original organic material while preserving the wood's structure.
- You can often still see details like tree rings and natural textures, just like in real wood.
- Each piece is completely unique, meaning no two products are ever the same, which makes every item special.

ONYX

Pure Elegance, Carved by Nature

- Onyx is a natural stone formed from layers of mineral deposits over thousands of years.
- It is known for its translucent quality, allowing light to softly pass through.
- The stone often features rich patterns and flowing bands in a variety of colors
- Each piece is completely unique, meaning no two products are ever the same, adding a distinctive and luxurious touch.

ALABASTER

Soft light, strong character

- Alabaster is a naturally translucent stone that softens and spreads light, giving every piece a warm, gentle glow.
- The stone forms unique veins and subtle shifts in color, so each item has its own one-of-a-kind character and texture.
- Because alabaster is smooth and workable, artisans can shape it into refined, detailed forms that highlight its natural beauty.
- Its calm appearance blends effortlessly with many interior styles, adding a touch of quiet luxury without feeling overdone.

QUARTZ

Strength in Every Crystal

- Quartz is one of the most abundant minerals on Earth, formed over millions of years through slow crystal growth deep within the planet.
- Quartz is a natural mineral known for its strength and clarity, giving each piece a clean, crisp look with a modern edge.
- Its crystal structure creates subtle patterns and light reflections, adding quiet depth without feeling busy.
- Because quartz is extremely durable, it holds up beautifully in everyday use while keeping its smooth, polished finish.

Taly Collection

Natural Impact Without the Weight

- The Taly Collection brings the bold, natural look of petrified wood, perfect for creating warm and character-filled interiors.
- The sides are made from high-quality fiberglass, so you keep that authentic appearance while cutting down the weight.
- The lighter build makes each piece easier to move, style, and transport.
- You get the luxurious feel of natural stone, but in a smart, cost-friendly construction that suits every space.

Fragrance Sticks

Our fragrance sticks offer a simple and natural way to scent your home. Made with pure essential oils, they provide a clean and consistent aroma without synthetic additives. These fragrance sticks support our focus on quality and sustainability.

The sticks come in a modern design and steadily release fragrance, making them ideal for any room.

Refill bottles are available and come with a new set of sticks, so you can easily refresh both the scent and it's diffusion.

Roomspray

Transform your space instantly with a refined and long-lasting room spray that brings atmosphere and character into any interior. Create a harmonious scent experience that feels both inviting and sophisticated. Subtle hints of sweetness and soft spices add depth, while rich base notes leave a comforting and elegant trail.

Designed to elevate everyday moments, this room spray refreshes your surroundings with just a few sprays, creating a warm, stylish ambiance that lingers beautifully.

ADILIA

HOW TO USE:

1. Setup:

Set the lamp on a stable, heat-resistant surface, keep it away from flammable materials, and ensure good ventilation

2. Fill:

Remove burner, fill $\frac{3}{4}$ with lamp/paraffin oil (never gasoline), replace burner.

3. Wick:

Trim the wick and expose about 0.5 cm of the wick and let it soak for 30 minutes before lighting.

4. Light

Light the oil lamp with a match or lighter. A steady flame means correct adjustment; smoke means the flame is too high.

5. Use

Never leave the lamp unattended. Do not move it while burning.
Keep children and pets away.

6. Extinguish

Blow out the flame gently, and allow the lamp to cool before storing or refilling

Scented candle

Our scented candles are crafted with luxurious shea butter wax. A natural and eco friendly alternative to traditional paraffin.

By choosing shea butter, we contribute to fair trade and the economic growth of communities in Africa.

The candle is available in two sizes. The small version offers approximately 50 hours of burn time, perfect for cozy evenings or smaller spaces, while the large version delivers an impressive 80 hours of fragrant bliss, ideal for creating an inviting atmosphere in any room.

Fragrance sticks

Our fragrance sticks offer a simple and natural way to scent your home. Made with pure essential oils, they provide a clean and consistent aroma without synthetic additives. Just like our candles, these fragrance sticks support our focus on quality and sustainability.

The sticks come in a modern design and steadily release fragrance, making them ideal for any room.
